() -Main Street Businesses (In General)

...

(541611) -Management Consulting

providing operating advice and assistance to businesses and other organizations on administrative management issues, such as financial planning and budgeting, equity and asset management, records management, office planning, strategic and organizational planning, site selection, new business startup, and business process improvement. this industry also includes establishments of general management consultants that provide a full range of administrative; human resource; marketing; process, physical distribution, and logistics; or other management consulting services to clients....

(331521) -Manufacturing -- Aluminum Extruded Products

introducing molten aluminum, under high pressure, into molds or dies to make aluminum die-castings. establishments in this industry purchase aluminum made in other establishments....

(325110) -Manufacturing -- Chemical

(1) manufacturing acyclic (i.e., aliphatic) hydrocarbons such as ethylene, propylene, and butylene made from refined petroleum or liquid hydrocarbon and/or (2) manufacturing cyclic aromatic hydrocarbons such as benzene, toluene, styrene, xylene, ethyl benzene, and cumene made from refined petroleum or liquid hydrocarbons....

(337212) -Manufacturing -- Custom Architectural Woodwork and Millwork

manufacturing custom designed interiors consisting of architectural woodwork and fixtures utilizing wood, wood products, and plastics laminates. all of the industry output is made to individual order on a job shop basis and requires skilled craftsmen as a labor input. a job might include custom manufacturing of display fixtures, gondolas, wall shelving units, entrance and window architectural detail, sales and reception counters, wall paneling, and matching furniture....

(334510) -Manufacturing -- Electrical

manufacturing electromedical and electrotherapeutic apparatus, such as magnetic resonance imaging equipment, medical ultrasound equipment, pacemakers, hearing aids, electrocardiographs, and electromedical endoscopic equipment....

(334510) -Manufacturing -- Electrical Connectors

manufacturing electromedical and electrotherapeutic apparatus, such as magnetic resonance imaging equipment, medical ultrasound equipment, pacemakers, hearing aids, electrocardiographs, and electromedical endoscopic equipment....

(337) -Manufacturing -- Furniture

industries in the furniture and related product manufacturing subsector make furniture and related articles, such as mattresses, window blinds, cabinets, and fixtures. the processes used in the manufacture of furniture include the cutting, bending, molding, laminating, and assembly of such materials as wood, metal, glass, plastics, and rattan. however, the production process for furniture is not solely bending metal, cutting and shaping wood, or extruding and molding plastics. design and fashion trends play an important part in the production of furniture. the integrated design of the article for both esthetic and functional qualities is also a major part of the process of manufacturing furniture. design services may be performed by the furniture establishment's work force or may be purchased from industrial designers. furniture may be made of any material, but the most common ones used in north america are metal and wood. furniture...

(31) -Manufacturing -- General

the sector as a whole the manufacturing sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. the assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in sector 23, construction. establishments in the manufacturing sector are often

described as plants, factories, or mills and characteristically use power-driven machines and materials-handling equipment. however, establishments that transform materials or substances into new products by hand or in the worker's home and those engaged in selling to the general public products made on the same premises from which they are sold, such as bakeries, candy stores, and custom tailors, may also be included in this sector. manufacturing establishments may process materials or may contract with other...

(333911) -Manufacturing -- General Purpose Machinery

manufacturing general purpose pumps and pumping equipment (except fluid power pumps and motors), such as reciprocating pumps, turbine pumps, centrifugal pumps, rotary pumps, diaphragm pumps, domestic water system pumps, oil well and oil field pumps and sump pumps....

(336414) -Manufacturing -- Guided Missile and Space Vehicle

(1) manufacturing complete guided missiles and space vehicles and/or (2) developing and making prototypes of guided missile or space vehicles....

(333) -Manufacturing -- Machinery

industries in the machinery manufacturing subsector create end products that apply mechanical force, for example, the application of gears and levers, to perform work. some important processes for the manufacture of machinery are forging, stamping, bending, forming, and machining that are used to shape individual pieces of metal. processes, such as welding and assembling are used to join separate parts together. although these processes are similar to those used in metal fabricating establishments, machinery manufacturing is different because it typically employs multiple metal forming processes in manufacturing the various parts of the machine. moreover, complex assembly operations are an inherent part of the production process. in general, design considerations are very important in machinery production. establishments specialize in making machinery designed for particular applications. thus, design is considered to be part of the...

(238390) -Manufacturing -- Metal Fabrication

building finishing trade work (except drywall, plaster and insulation work; painting and wall covering work; flooring work; tile and terrazzo work; and finish carpentry work). the work performed may include new work, additions, alterations, or maintenance and repairs....

(332919) -Manufacturing -- Metal Valve and Pipe fitting

manufacturing metal valves (except industrial valves, fluid power valves, fluid power hose fittings, and plumbing fixture fittings and trim)....

(335911) -Manufacturing -- Miscellaneous Electrical and Components

manufacturing storage batteries....

(332321) -Manufacturing -- Ornamental & Architectural Metal

manufacturing metal framed windows (i.e., typically using purchased glass) and metal doors. examples of products made by these establishments are metal door frames; metal framed window and door screens; and metal molding and trim (except automotive)....

(31) -Manufacturing -- Personal Health Products

the sector as a whole the manufacturing sector comprises establishments engaged in the mechanical, physical, or chemical transformation of materials, substances, or components into new products. the assembling of component parts of manufactured products is considered manufacturing, except in cases where the activity is appropriately classified in sector 23, construction. establishments in the manufacturing sector are often described as plants, factories, or mills and characteristically use power-driven machines and materials-handling equipment. however, establishments that transform materials or substances into new products by hand or in the worker's home and those engaged in selling to the general public products made on the same premises from which they are sold, such as bakeries, candy stores, and custom tailors, may also be included in this sector. manufacturing establishments may process materials or may contract with other...

(325412) -Manufacturing -- Pharmaceutical Preparation & Medicine

manufacturing in-vivo diagnostic substances and pharmaceutical preparations (except biological) intended for internal and external consumption in dose forms, such as ampoules, tablets, capsules, vials, ointments, powders, solutions, and suspensions....

(3261) -Manufacturing -- Plastic

this industry group comprises establishments primarily engaged in processing new or spent (i.e., recycled) plastics resins into intermediate or final products, using such processes as compression molding; extrusion molding; injection molding; blow molding; and casting. within most of these industries, the production process is such that a wide variety of products can be made....

(333220) -Manufacturing -- Plastic and Rubber Machinery

manufacturing plastics and rubber products making machinery, such as plastics compression, extrusion and injection molding machinery and equipment, and tire building and recapping machinery and equipment....

(332117) -Manufacturing -- Powder Metallurgy Processing

manufacturing powder metallurgy products by compacting them in a shaped die and sintering. establishments in this industry generally make a wide range of parts on a job or order basis....

(321992) -Manufacturing -- Prefabricated Wood Buildings

manufacturing prefabricated wood buildings and wood sections and panels for prefabricated wood buildings....

(339111) -Manufacturing -- Scientific Instruments

manufacturing laboratory apparatus and laboratory and hospital furniture (except dental). examples of products made by these establishments are hospital beds, operating room tables, laboratory balances and

scales, furnaces, ovens, centrifuges, cabinets, cases, benches, tables, and stools....

(337215) -Manufacturing -- Showcase, Partition, Shelving, and Lockers

manufacturing wood and nonwood office and store fixtures, shelving, lockers, frames, partitions, and related fabricated products of wood and nonwood materials, including plastics laminated fixture tops. the products are made on a stock basis and may be assembled or unassembled (i.e., knockdown). establishments exclusively making furniture parts (e.g., frames) are included in this industry....

(339950) -Manufacturing -- Signs

manufacturing signs and related displays of all materials (except printing paper and paperboard signs, notices, displays)....
